Education

Dhirubhai Ambani University

CPI: 7.48

P.P. savani Vidhyabhavan (GHSEB)

Percentage: 89.38

P.P. savani Vidhyabhavan (GSEB)

Percentage: 89.67

2022 - Present

Gandhinagar, Gujarat

2021 - 2022

Surat, Gujarat

2019 - 2020

Surat, Gujarat

Experience

Rural Internship At Pochabhai Foundation(NGO)

Dec 2023 - Narmada, Gujarat

- collaborated with local leaders, conducted surveys, and collected data on gender-based violence to improve government facilities and empower rural communities, using the information to create strategies for violence prevention.

Projects

GenAI Projects | Python, LangChain, Gemini API, SQL [Certificates]

- Developed multiple Generative AI projects:
- Invoice Analyzer for querying invoice data using LLMs.
- Text-to-SQL system for natural language to SQL conversion.
- Medical Chatbot for document-based Q&A.
- MCQ Generator for automated question creation from input text.

Web Development - News Aggregator | React.js, Node.js, Puppeteer

- Developed a dynamic web application using React and Node.js.
- Implemented web scraping via Puppeteer to fetch and display real-time news content.

Time Series Analysis - Traffic Data | Python, Pandas, Time Series Forecasting

- Conducted time series analysis on traffic data to study variations caused by events and holidays.
- Used Python and Pandas for preprocessing to analyze trend, seasonality, and residuals.
- Performed log and differencing transformations to stabilize variance and identify temporal patterns.

DBMS Project - Indian Premier League | SQL, PostgreSQL, DBMS Concepts [Certificate]

- Designed and implemented a relational database for IPL.
- Managed entities like seasons, teams, players, and match records.
- Executed complex queries to generate analytical insights.

Technical Skills

Languages: C, C++, Python, JavaScript, SQL

Developer Tools: Cisco Packet Tracer, Linux Shell, Postman, VS Code, Git, pgAdmin, AutoCAD, MATLAB

Frameworks: Node.js, Express.js, TensorFlow (basic), Bootstrap, Material UI

Cloud/Databases: PostgreSQL, MongoDB, Render

Operating Systems: Linux OS

Soft Skills: Problem Solving, Communication, Adaptability

Coursework: DSA, Machine Learning, Computer Networks, Forecasting Methods, DBMS, OOPS, Operating Systems

Areas of Interest: CyberSecurity, AI/ML, Reading, Current Affairs and Historic Events, Playing Cricket and Badminton

Achievements

- Solved over 1000 DSA problems across LeetCode, Codeforces and CodeChef.
- Codeforces - thank_youu: **Pupil** (1396 max Rated)
- CodeChef - thank_you: **3 STARS** (1658 max Rated)
